Mrs C Young

Dear Parents/Carers

We often take photographs of the children at our school. We use these images on display around school, in learning resources used in school, in our prospectus or in other printed publications and our website. We also make video recordings of the children during school performances. We film the children during lessons using an iPad whilst in school; it is never accessed from another location or uploaded onto our website.

Our children go on trips and visits, including sports events. The venue may seek permission to take & use images of your child; we never give them permission on your behalf.

From time to time, our school may be visited by the media who will take photographs or film footage of a visiting dignitary or other high-profile event. Pupils will often appear in these images, which may appear in local or national newspapers, or on televised news programmes.

To comply with the Data Protection Act 1988 and the General Data Protection Regulation, we need your permission before we can photograph or make any recordings of your child. Please answer questions 1 to 3 below, then sign and date the form where shown.

Child's Full Name \_\_\_\_\_

Date \_\_\_\_\_

## Pupil Photograph/Video Consent - Conditions of Use

- This form is valid for the period of time, your child attends this school. The consent will automatically expire after this time.
- We will not use the personal details or full names (first name and surname) of any child or adult in a photographic image on video, on our website, in our school prospectus or in any of our other printed publications.
- We will not include personal contact information on our website, in our school prospectus or in other printed publications.
- If we name a pupil in text, we will not use a photograph of that child to accompany the article.
- We will use group or class photographs or footage with very general labels such as ‘a science lesson’ or ‘making Christmas decorations’.
- We will only use images of pupils who are suitably dressed, to reduce the risk of such images being used inappropriately.
